### The last Zoot Suit fly-in of 2017

Six of us took part on a blustery day. It was a surprise to me that the Zoots could handle the gusting wind.  
Peter Machin managed the longest flight of 9 and a bit minutes.

Hopefully next year Peter will pick some dates that will allow us to fly more often. Keith Watts 6 Nov 17

**Porthole gate lock**

Could you all please ensure the gate is left with the lock and cable positioned at the bottom of the gate as placing at the top allows it just to be slipped over rendering it useless

For those of you who have not yet discovered it, Nick Gates has set up a group page on Facebook its well worth a look

Here is the link:-

The Commander at Baker Barracks Thorney has decreed that there shall be NO drone flying whatsoever

Flying alone on Thorney is restricted to lightweight electric or gliders, and pilots are requested to concentrate on flying within the grass area to the west of the runway.

When flying at Thorney please keep an eye out for traffic(all kinds walkers, horses, bikes, runners, and low flying aircraft) coming from behind the flyers and inform them accordingly

When Driving Around Thorney be aware of young children on bikes

Please Try to leave Porthole as tidy as possible, making sure no fuel is left on site
