As you will know Allen Miller has had to step down from the organising of indoor flying at Seaford College due to other commitments.

We are in urgent need for somebody to replace Allen, if nobody steps forward it is with regret that we will have to relinquish hosting the event.

The Late Trevor Bowry

It was Trevor's wish that some of his ashes should be scattered over Porthole Farm, hopefully from one of his models a Sopwith Pup.

Bruce Smith, a close friend of Trevor and Bobby, had devised a method of scattering Trevor's ashes from the plane.

On the 27th December 2011 a group of us gathered at Porthole. The sky was overcast and the wind slight. Bruce prepared the plane and ran it's SC four stroke engine up, suddenly there was a bang, the prop windmilled and eventually stopped, that was unfortunately that. The crankshaft on the engine had failed, it had shed the crankpin, a very rare event which I have only seen happen once before.

Bobby requested that Trevor's ashes be scattered by hand. We all gathered on the patch and Bruce conducted a brief eulogy and prayer and the ashes were scattered to the wind, as Trevor would have wanted it, we all had a good chat and Laugh. Afterwards those who had planes with them took to the sky.

The Failed Crankpin

The Committee and Members of CADMAC would like to welcome the following new members to our club

John Burton, Albert Lambson, Ian Harrison, Neil Garland and his son Tom, Tim Spurr, Rupert Young and Simon Ostrom.

We all hope they enjoy our company and wish them all success with this fascinating and enjoyable hobby

Thorney island access – the following has been received from Defence Estates and should be noted.

Dear Tony

The Chain of Command has decided that, in future, all personnel, civilian or military, will have an annual expiry date on their vehicle pass that coincides with the expiry of their vehicle road tax.

I would appreciate it if you could circulate this direction to all of your club members and arrange for them to contact me in the New Year to arrange an appointment for a new pass to be issued.

In this connection, and, subject to other commitments, I will be available for pass renewal during the hours 0915-1215 & 1400-1600, Monday to Thursday. Providing the applicant has already undergone the initial Basic Check procedure, I will require one form of photo ID, CADMAC membership card and the tax disc to complete my documentation.

Kind regards

Stephanie

**Urgent Note to all Usurers of
Porthole Farm**

It is imperative that the last person leaving the field **CLOSE** and **LOCK** the gate irrespective of other people/ vehicles still being there (i.e. Dog trainers) as the land owner has **INSISTED** that this be carried and is a fundamental clause in the use of the field.

The chain must go through the second bar and the numbers on the lock must be scrambled. There should be no exceptions to this mandatory action. RR
