22nd June 2016 Thorney Evening flying

22nd June 2016 Thorney Evening flying

Last months evening flying was a great success next one is this coming Thursday 7th July positively no flying before 17.30 also the following Thursday 13th July

Electric Glider Competition 2016

This year this competition was again run at Porthole Farm.

The day was overcast with heavy black cloud with a very little breeze from the NW, a good flying day.

7 pilots flew, the wind was very light with a little lift.

The Models were two Radians, one Mystique, one Easystar, one Ellipsoid , one Cularis and one O/D. max Battery size to be 2200.

An all up last down started the day. **James Egington** won with time of 47 min 56 sec using his Radian followed by **Eamon Keating** with 43 min 42 sec flying the Mystique and **Stewart Whittle** at 29 min 27 sec using his Ellipsoid. **Ray Beadle** managed to crash land a long way out in the Cabbage patch but with no damage after not watching his model! **Eric Peacock** and the Easystar did 21 min but **David Draper** did not get far with no elevator coupled!

For the second comp it was decided to allow a climb time of 20 sec. A landing area was marked out for an extra point.

The rounds were 5 min max for the first, 6 min max for the second and 7 min max for the third, all on the same battery
The best times for the first round were four maxes by **James Egington** and **Ray Beadle** , **Eamon Keating** and **Stewart Whittle**. **Ken Knox** did 4 min 15 sec and Eric Peacock 2min 07 sec. Nobody made the landing box.

In the second round, maxes were by **Ken, James, Eamon** and **Eric**, followed by **Ray** with 5 min 24 sec and **Stewart** with 3 min 30 sec . **Ken, James, Eamon** and **Eric** touched down in the box getting the extra point.

The third round only had Two maxes by **Ray** and **Eric**, but **James**, 3min 54sec, **Stewart** 4 min 33 sec and **Ken** 3 min followed, **Ray** and **Ken** landing in the box. **Eamon** had no plane to fly, as his Mystique had the wing fail on the decent in the second round.

The result for this was,

First **Ray Beadle**, Second **James Egington** and **Eric Peacock**.

Thanks to **Porsha** who helped time and record and all who attended and made it very enjoyable,

See you all next year.

Cheers **Ray**

FOR SALE

In Good time for 'War-birds' Day

YT International P51-B Bald Eagle III

Length 62 inches	Wingspan span 72 inches	Laser 150 four-stroke powered

Derek (Thorney Island Rep)

One of the paramedics at St. Richards has asked Bruce Smith if he could appeal through CDe to any of our club members who might want to sell a Spectrum transmitter.

Does anyone want to sell a DSM2 compatible transmitter.

Please contact Peter on contactpete@talktalk.net

Note to all Users of Porthole Farm

It is imperative that when entering and leaving the field **you must LOCK** the gate behind you irrespective of other people/vehicles still being there (i.e. Dog trainers) as the land owner has **INSISTED** that this be carried and is a fundamental clause in the use of the field.
