Sunday 13th November 12:30 Open Glider + Electric Fun day Donation Money to Poppy Fund

Friday 18th November CADMAC Dinner Dance

Nick Gates wrote:

Good day on the Trundle, about 15 up there.

A perfect window in the weather gave us light winds if about 8/10 knots, and occasional sun!

Great to see Ken, Stuart, John R, Jeremy, Kieth, Mark, Derek, Lee, [Pete Flyer](#) and Kim from MVSA who also joined in again.

We also had some new members up to see what slope soaring was all about.

One comp was run, land in the box on two minutes without the aid of a timer!

1st [Jeremy Stuttard](#) with his X-it wing

2nd [Keith Watts](#)

3rd [Stuart Whittle](#) with his Impala type, fresh from the loft.

4th [Nick Gates](#) Dream Flight Weasel

5th [Derek Honeysett](#) Centiphase

6th [Lee Elliot-Cowen](#) Boomerang

7th [Mark Peters](#) Radian

8th [Kim White](#) Phoenix 2000 (who unfortunately had to go around three times, waiting for walkers).

All packed up just before the rain. A few went home needing minor repairs (including me!), but no bin bag jobs.

It was great to have so many up on the slope. The club's most well attended and enjoyed comps always seem to be glider related. More required!

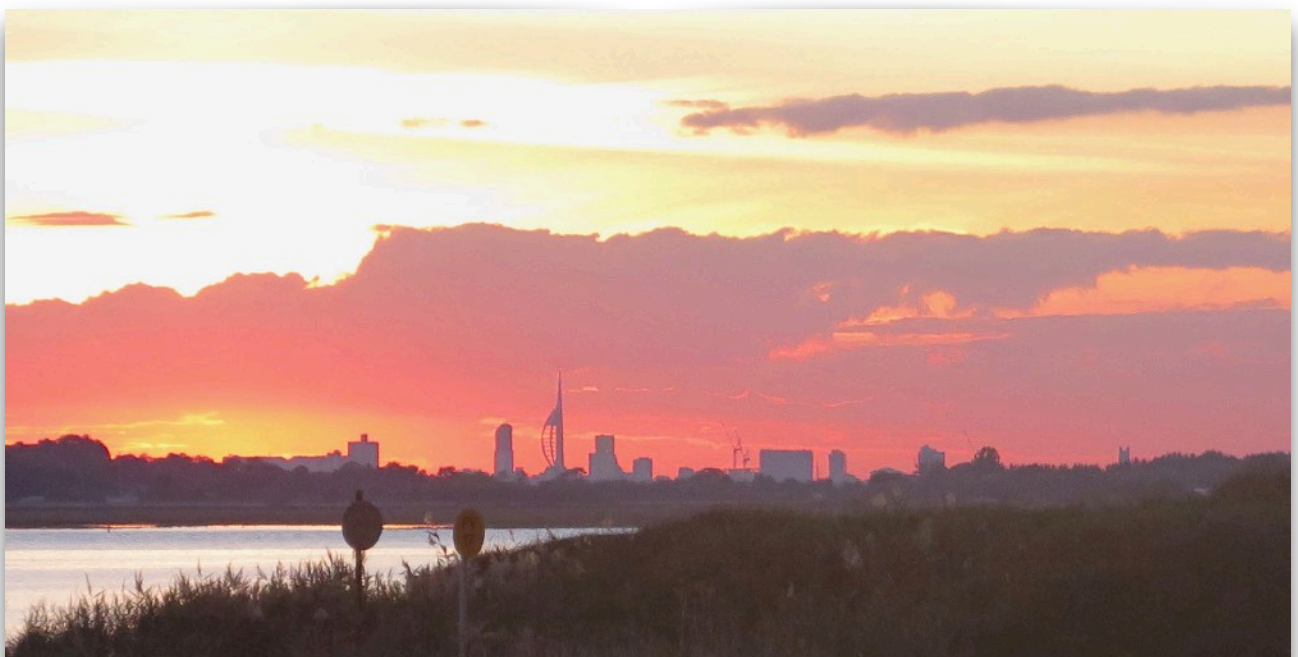

Our New Cabin was installed on the 10th October with a lot of effort from Nick Gates, work went on till well in the evening the Cabin was on old semi portable toilet used for some years as a caravan awning store.

The cabin has now been painted and fitted out with shelving, tables and chairs all that is left to do is make a ramp for the lawn mower and storage area for it.

Once again thanks Nick

Warbirds day went extremely well
with a very good attendance

One Man and his plane Nick Gates flies his Fokker Triplane on an evening Patrol

TeX & ReX *by Ecurb*

On Friday 18th November there is to be a **CADMAC Christmas Dinner evening** at the Fishbourne Centre. The entertainment is Amy Baker, a young lady who sings vintage songs – 40s and 50s, jazz and mainstream. The cost for the evening is £17.50 per head. Please let Toni, the Secretary, know if you are going to attend – he needs to know menu choices about a fortnight before the event. Come along and enjoy a good social event with music,

A group of club members want to have a Single Model Fun Fly-in for next year. The model is going to be the Zoot Suit electric powered glider.

Sets of the laser cut ribs, formers and shaped parts will be available for £32. Plans are free. The Builders will need to buy the sets of strip, LE,

TE and stringers required which would be approx £13 50. The electric motor and the Esc are shown noted on the plan, also the 1300 Lipo which is to be the standard for this model. These can be obtained from HobbyKing. The Builders also will need to supply the servos and the covering.

The competition will be held at the Porthole site. A set of dates will be arranged which will include weekday evenings and weekends over the year and published in Clear Dope and on the website.

Rules for the start of the year will be a 20 Sec climb, timed to landing, in 2/3 rounds. Total maximum time for the day wins. The detail of the comp may change as the year goes on. Each day is kept separate, so it does not matter how many members are there

on the day or if a day is missed. I will have a limited number of Plans and Kits and Strip bundles for anyone who would like to join. Ray Beadle

The power train can be obtained from HobbyKing

Toni Reynaud is think a mass purchase of this to try to cut the price and postage down, please contact Toni to discuss

members

Please Try to
leave Porthole as
tidy as possible,
making sure no
fuel is left on site

Flying alone on Thorney
is restricted to
lightweight electric or
gliders, and
pilots are requested to
concentrate on flying
within the grass area to
the west of the runway.

When
Driving
Around Thorney
be aware of young
children on bikes

When flying at Thorney
please keep an eye out for
traffic(all kinds walkers,
horses, bikes, runners, and
low flying aircraft) coming
from behind the flyers and
inform them accordingly
