*club meeting for January 10th 2019 simulator evening and chat*

Duke's new plane for 2019 it's a Pilot Extra 330 to a scale of 33% Powered by a Twin DLE 110cc engine it has two receivers 10 servos and a Evolution power box using two Lipo's and flies very well

New Years day 2019 sees Richard Harvey and others preparing his new Multiplex Heron taking its maiden flight

# Club Program 2019

10th January	Club Night	
--------------	------------	--

Program for 2019 has not yet been formalised as  
there was no committee meeting in January

The club Facebook page is now in its fourth year. It has over one hundred members. It contains many contemporary site reports, and has a wealth of photos in its archives.

Administered by Nick Gates. and David Hayward

For those of you who have not yet discovered it, Nick Gates has set up a group page on Facebook its well worth a look

Here is the link:-

<https://www.facebook.com/groups/Chichesteraeromodellers/>

Now with 90+ members

Flying alone on Thorney is restricted to lightweight electric or gliders, and pilots are requested to concentrate on flying within the grass area to the west of the runway.

The Commander at Baker Barracks Thorney and the MOD have decreed that there shall be NO drone flying whatsoever

When flying at Thorney please keep an eye out for traffic(all kinds walkers, horses, bikes, runners, and low flying aircraft) coming from behind the flyers and inform them accordingly

When Driving Around Thorney be aware of young children on bikes

Please Try to leave Porthole as tidy as possible, making sure no fuel is left on site
