Mick Blundell & Peter Doe enjoy the winter sun at Fleet Air Arm Museum, RNAS Yeovilton, [HMS Heron]Somerset February 11th 2012

**Report on the Fleet Air Arm Museum's, model day held at RNAS Yeovilton (HMS Heron),
Somerset on February 11th 2012**

Once again this winter event was blessed with glorious unbroken sunshine however it was very cold out of the sun, on the drive to Yeovilton the temperature dropped to -10c however the early morning drive was glorious (I take the Salisbury, Winton, Nadder Valley route thus avoiding the single carriage way part of the A303 at Stonehenge).

Once we had checked in with our minder **Chief Petty Officer Stu Rainsbury (Ret'd)** the helpers and flyers proceeded in a large convoy airside, the models where checked PA systems set up all under the careful supervision of **Tony Butterworth** - our Yeovilton 'Boss of the Day'. The display started at 11.45 and finished just after 2pm. Tony is the Chairman of the Southern Area of the BMFA committee.

The large crowd included **CADMAC** members **Mick Blundell** and **Peter Doe** were entertained by twelve pilots from all over the South West of the Country. I have been going to this event as a helper for some six years now and have enjoyed each visit, well worth the effort.

The next event will be held on 27th October 12 this event is to be biased to R/C models *Ken*

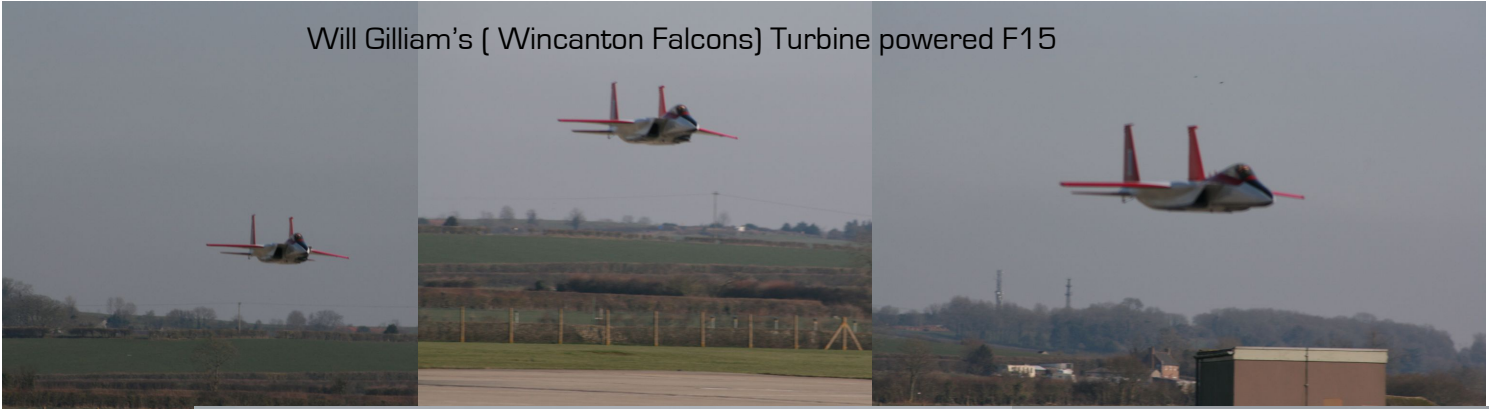

Chesil Model Flying Clubs Chipmunk
piloted by Chairman Phil Parmiter and
club member Peter Marks

Ken Gale's (Helipad MAC) 1/4 Scale Bell 47G

Will Gilliam's (Wincanton Falcons) Turbine powered F15

Chesil Model Flying Clubs large scale Pup's piloted by Chairman Phil Parmiter and Peter Marks

Ian Russell's (Sedgemoor RCFC) F22 Raptor, this plane has vectored thrust, swivelling tail pipes and can turn on a six pence

Chris Golds' electric powered B25 Mitchell and has a very effective onboard sound system. Chris used to be a Hunter pilot and has flown Hunters from Tangmere and flies his models from Chiviner. Chris also is an aviation artist and has works on display at the Aviation Museum at

Martin Briggs' 1/4 scale MBB/Kawasaki BK117 this machine is gas turbine powered and is frequently used in the air-ambulance roll as this is modelled on

The Committee and Members of CADMAC would like to welcome the following new member to our club
Berry Dracup

We all hope Berry enjoys our company and wish him all success with this fascinating and enjoyable hobby

Congratulations to Ian Harrison who recently obtained his 'A' certificate at Porthole Farm
Ian has only been with the club for some five months so well done.

John Riall officiated

If you are interested in obtaining an 'A' or 'B' Certificate please contact Tony Chant, contact details above.

Urgent Note to all Users of Porthole Farm

It is imperative that the last person leaving the field **CLOSE** and **LOCK** the gate irrespective of other people/ vehicles still being there (i.e. Dog trainers) as the land owner has **INSISTED** that this be carried and is a fundamental clause in the use of the field.

The chain must go through the second bar and the numbers on the lock must be scrambled. There should be no exceptions to this mandatory action. RR

Thorney island access – the following has been received from Defence Estates and should be noted.

Dear Tony

The Chain of Command has decided that, in future, all personnel, civilian or military, will have an annual expiry date on their vehicle pass that coincides with the expiry of their vehicle road tax.

I would appreciate it if you could circulate this direction to all of your club members and arrange for them to contact me in the New Year to arrange an appointment for a new pass to be issued.

In this connection, and, subject to other commitments, I will be available for pass renewal during the hours 0915-1215 & 1400-1600, Monday to Thursday. Providing the applicant has already undergone the initial Basic Check procedure, I will require one form of photo ID, CADMAC membership card and the tax disc to complete my documentation.

Kind regards

Stephanie
