Glider Competition 11th & 18th August and 1st September

Open Glider Competition 2012

This year the competition was again run over three days, three rounds per day. The first day was very windy from the E. Day two had very light wind and on day three there was no wind until later in the afternoon.

On day one 8 pilots came to fly but the wind was very strong. The best time of the day was by Derek Honeysett with 3.03 min followed by Dec Cousins with 3.19 min and Ray Beadle with 1.59min. Three models were lost two due to wing failure and one meeting the ground on the line. It was then decided to stop, So the winners on day one were Derek Honeysett, Dec Cousins and Ray Beadle.

Day two was difficult with light wind which suited the light models, 9 pilots started.

The wind was from the east However the best times were in round one, with Derek Honeysett's 8.26 min and Don Biles with 5.36 min. In round two Tony Chant got 7.38 min.

Round three had little wind and no lift at all, but Derek managed 7.36 min

So the winners on day two were Derek Honeysett, Tony Chant and ray Beadle.

For day three there were 7 pilots and the weather was sunny breaks and a light wind.

Harry Hook made the best time in round one with 7.15 min and Derek Honeysett with 6.17 min. In round two Dec Cousins was best with 5.15 and Don Biles with 4.46 min

In round three the best time was by John Rial with 6.09 min and Dec Cousins with Min. A fourth round was flown and the best time was by Derek with a 5.32 min.

So the winners on day three were Derek Honeysett, John Rial and Harry Hook.

So when the worst time for each day were discarded, then the worst day discarded and then the two totals added together to get the final total time.

The result was, **First Derek Honeysett, Second John Rial, Third Harry Hook.**

Thanks to all who attended and made the days very enjoyable,

See you all next year. Cheers Ray

Name	Round 1 11 th August	Round 2 18 th August	Round 3 1 st September	Total Time For Best Two Days	Position

MODELS OVER 7kg REQUIRE PRIOR APPROVAL, ELECTRIC MODELS ONLY
GATES AND TRANSMITTER REGISTRATION OPEN AT 09:00, PILOT BRIEFING AT 09:30, FLYING FROM 10:00am TO 17:00pm
WE ARE NOT OPENING TO THE PUBLIC, HOWEVER PILOTS MAY BRING GUESTS

THE CLUB'S COMMITTEE RESERVE THE RIGHT TO REVOKE THE FLYING OF ANY MODEL OR PILOT DEEMED UNSUITABLE OR TOO NOISY

Urgent Note to all Users of Porthole Farm

It is imperative that the last person leaving the field **CLOSE** and **LOCK** the gate irrespective of other people/
vehicles still being there (i.e. Dog trainers) as the land owner has **INSISTED** that this be carried and is a
fundamental clause in the use of the field.

The chain must go through the second bar and the numbers on the lock must be scrambled. There should
be no exceptions to this mandatory action. KK

Tony Chant's Jet Trainer takes to the Air

Thorney island access – the following has been received from Defence Estates and should be noted and please do ring before hand to book an appointment

Dear Tony

The Chain of Command has decided that, in future, all personnel, civilian or military, will have an annual expiry date on their vehicle pass that coincides with the expiry of their vehicle road tax.

I would appreciate it if you could circulate this direction to all of your club members and arrange for them to contact me in the New Year to arrange an appointment for a new pass to be issued.

In this connection, and, subject to other commitments, I will be available for pass renewal during the hours 0915-1215 & 1400-1600, Monday to Thursday. Providing the applicant has already undergone the initial Basic Check procedure, I will require one form of photo ID, CADMAC membership card and the tax disc to complete my documentation.

Kind regards

Stephanie
